

MCV 400D

TAPPING CENTER

MCV 400D High-speed tool changer being driven by enhanced technologies

- Powerful roller guide on all axis
- Column moving structure
- High speed and precision and productivity column moving type tapping center
- User friendly OP SUPPORT ARM

Major Specifications

DESCRIPTION		MCV 400D
Travel X/Y/Z	mm	530×400×350
Distance from table top to spindle spindle nose	mm	200~500
Working Surface - table size	mm	2-600×520
Loading capacity	kgf	2-200
Table surface configuration	mm	2×33-M16×90×90
Spindle Speed	min ⁻¹	12,000
Spindle Motor(Cont./Short)	kW	48/69.6
Rapid Traverse(X/Y/Z)	m/min	48/48/36
Tool Shank	-	BT40
Tool Changing Time(T-T)	sec	1.3
Magazine Capacity	ea	16
Required floor space (L×W×H)	mm	2,931×1,945×2,466
Machine weight	kgf	4,800
Controller		Fanuc Series
